

LEADER CHEERED BY RAINBOW MEN

General Gouraud, French War Hero,
Arrives in Indianapolis Today
For Reunion of Ex-Soldiers

3,000 ARRIVE FOR MEETING

General Pershing Will Arrive Satur-
day to Join Gen. Gouraud in Re-
viewing Divisional Parade

(By United Press)
Indianapolis, Ind., July 13.—"Mag-
nificent voyage all the way to In-
dianapolis. The voyage was mag-
nificent," General Gouraud, said in
French today as he walked from the
Union station and heard the cheers
of Rainbow veterans and hundreds
of citizens gathered there to greet
him.

The general made an instantan-
eous hit with the crowd. With twink-
ling eyes and infectious smile, he
looked about him with frank curios-
ity, apparently anxious not to miss
a detail of his welcome.

A large French flag hanging
across Washington street, pleased
him greatly. Like Marshal Foch on
his visit to Indianapolis, two years
ago, he was greatly impressed with
the monument as the car swung
around the east half of the circle.

Hundreds of veterans poured into
Indianapolis last night by train and
automobile. When the first business
session was called, it was estimated
that 3,000 members of the division
were in the city. Two thousand more
are expected before the big division-
al parade tomorrow afternoon.

General Pershing will reach the
city tomorrow morning for the re-
union.

A detachment of United States
marines in full uniform, met General
Gouraud and escorted him on a for-
mal visit to Governor McCray at the
state house and to the officers of
Mayor Shank.

General Gouraud is one of the
speakers for this afternoon's busi-
ness session of the veterans' as-
sociation. Col. William Donovan,
former commander of New York's
"Fighting Sixty-ninth," Mayor Shank
and Governor McCray are also
scheduled for addresses.

Headquarters for the reunion are
at the Severin Hotel. Indiana dele-
gations from Bloomington, Martins-
ville, Lafayette and Fort Wayne were
among the arrivals.

General Gouraud yesterday sent
a message to Paul W. Fechtman,
president of the Indiana Division of
the Veterans' Association, express-
ing his pleasure at being able to
come to Indianapolis for the re-
union.

"During the time of world peril
Indiana responded nobly," he said.
"I am thrilled by the thought of go-
ing to the capital of Indiana as the

COMPANY C LEAVES SUNDAY AT 11 A. M.

Captain Will B. Brann Receives
Transportation For Trip to Camp
Knox, Kentucky

WILL TRAVEL ON THE BIG FOUR

Captain Will B. Brann of Com-
pany C, Rushville's National Guard
unit, this morning received his offi-
cial notice of transportation for the
local company, which will leave Sun-
day morning at 11 o'clock over a
special train on the Big Four rail-
road.

The company here will assemble
at one o'clock Saturday afternoon at
the armory, and from then on will
be under orders. On account of the
train leaving here near the noon
hour, the guardsmen will be given
their dinner before departure, and
they will eat supper in Camp Knox,
Ky., which is their destination for a
two weeks training course.

Troop movements will be general
throughout the state on Sunday,
when all of the companies will be
moved southward for the training
camp, and it is expected that almost
every railroad passing through
Rushville will have a troop train or
two. Last year the local boys were
given a rousing send-off at the sta-
tion when they departed.

REV. C. M. YOCUM TO SPEAK

Former Pastor Coming For County
Meeting Of Churches

The annual county meeting of the
Christian churches of the county
will be held at the city park on Sun-
day, July 29, it was announced to-
day.

The Rev. C. M. Yocum, of St.
Louis, Mo., formerly pastor of the
Main Street Christian church of
this city, will speak at the after-
noon session. The Rev. Mr. Yocum
was a very popular pastor here and
it is expected that a large crowd
will be out to hear him. He is now
one of the secretaries of the United
Christian Missionary society, hav-
ing resigned the pastorate here to
accept that position.

There are seventeen congrega-
tions of the church in Rush County
and it is expected that all of them
will send large delegations to the
meeting. Walter E. Frazee of this
city is president of the county or-
ganization.

TENTS ARE TO BE PITCHED SUNDAY

Active Preparations For Opening Of
Rush County Boys Camp West
Of Morristown Will Start

WATER WELL BEING DRIVEN

Eight Of 34 Boys Registered With-
out Funds To Pay Their Way And
Help Will Be Needed

Company C, Indiana National
Guard, tents were moved out of the
armory today and will be taken to
the Rush county boys camp site
next Tuesday.

With thirty-four boys registered
up to noon today, indications were
that the camp attendance would
equal if not exceed last year's when
the camp was situated on the P. A.
Miller farm, along Flatrock, south-
west of Rushville.

A well is being driven at the
camp, so as to provide a good sup-
ply of water for the boys, and ac-
tive preparations will begin Sunday
for reception of the boys the first
thing next Tuesday morning.

The kitchen that was used at the
camp last year will be erected
Monday and the stove that was
donated for the use of the camp last
year will see service again this year.

The only thing in the way of equip-
ment that is lacking is cots. Thir-
teen new ones were purchased by
the organization backing the camp
project for the 1922 boys outing,
and the remainder were loaned.

Cots will have to be borrowed
again this year and persons who
are willing to loan one for the use
of the boys are asked to notify
Harry Wyatt at the George C.
Wyatt and company store and ar-
rangements will be made to get them.

Eight of the thirty-four boys who
have signed cards indicating that
they will attend the camp, are with-
out funds to pay their way and Ro-
tarians and Kiwanians and other
citizens will be asked to contribute
money to send them. Several mem-
bers of both clubs have already sig-
nified their willingness to send a boy
and Dr. H. Green today sent his
check for \$4.00 for this purpose.

The sum of \$4.00 will pay for one
boy seven days. Present indica-
tions are that the camp will run for
fourteen days. Several of thirty-
four boys who have registered have
indicated that they want to go two
weeks, and two of them stated that
they would not attend until the
second week.

Four of the boys are from Manilla
and vicinity and the remainder are
from Rushville and vicinity. Any
boy in Rush county is welcome to
attend.

FINED FOR INTOXICATION

Silverton Behout was arraigned
this morning in police court before
Mayor Thomas, and pleaded guilty
to a charge of intoxication, and
was fined \$5 and costs, which he
paid. The defendant was arrested
Thursday afternoon about five o'-
clock on Main street near Fourth,
and taken to jail by Police Chief
Blackburn. The defendant failed to
tell the court this morning, where he
had obtained his drinks, although
the officers had their suspicions.

THE CALM BEFORE THE STORM

FIRST CROP THRESHED MAKES GOOD AVERAGE

Wheat on McCoy and Powell Farm
North of Rushville Expected to
Make 20 Bushels to Acre

ELEVATOR PAYING 88 CENTS

The first wheat of the season to
be threshed and delivered to a local
elevator was received this morning
at the Ball and Orme elevator in this
city from the Frank McCoy crop on
the McCoy and Powell farm north
of Rushville.

The threshing got started Thurs-
day afternoon, and the grain is
most satisfactory, with an average
yield estimated at 20 bushels to the
acre.

The first load received this morn-
ing graded 58 1/2, and the second one
was 59 1/2, or a pound better per bush-
el. The moisture was placed at 14.6,
and the wheat was classed at num-
ber 2, although it really graded num-
ber 3 by the government test.

The elevator was paying 88 cents
a bushel for this grade today.

The wheat was a little dark in
color, but otherwise was said to be
highly satisfactory, and the yield
was good. Threshing on a farm
south of Rushville also was re-
ported to be under way this morning
and the grain was expected to be de-
livered in Rushville this afternoon.

Burn Caterpillars From Trees, Sets House on Fire

The home of Dave Smith, in
New Salem, was slightly dam-
aged by fire Wednesday, the
blaze having started while Mr.
Smith was burning caterpillars
off shade trees in his yard.

The fire drove the worms
from the branches and some
of them, burning, fell to the
roof of the house, setting the
shingles on fire. Timely
assistance by neighbors pre-
vented the fire from spreading
and the house was saved, only
slight damage resulting.

SEARCH FOR BODY OF MINER

Rescue Crews in Lower Levels Fol-
lowing an Explosion

Harrisburg, Ill., July 13.—Rescue
crews today searched the lower level
of Wasset mine No. 1, five miles
north of here for the body of James
Dreer, believed killed in an explosion
which late yesterday caused the
death of Steve Ego, a fellow miner.

Dreer and Ego went into the mine,
which was being repaired, on an in-
spection trip yesterday afternoon.
While down an explosion occurred.
Rescue crews immediately entered
the mine and removed the body of
Ego, burned almost beyond recogni-
tion. Two other miners who accom-
panied Dreer and Ego into the mine
went in a different direction and es-
caped unscathed.

RETURNS HOME MINUS THE LIQUOR MACHINE

Manager of South Bend "U-Drive-
It-Company" May Have to File
Suit to Get His Car

RENTED TO RUSHVILLE MAN

The manager of the "U-Drive-It-
Company", South Bend firm which
hires automobiles, has returned to
his home without the automobile that
was confiscated here Saturday night
by officers, following a raid on the
machine, in which James Cranley
was arrested and 42 quarts of liquor
seized.

According to the law, booze-laden
machines are to be confiscated and
sold on an order of the court, but in
this case where the original owner of
the machine was not directly respon-
sible for it or for the circumstances
which caused the machine to get here
it may cause a test case in court for
the owners to get back their property.

According to the manager of the
South Bend firm, the machine was
rented to a Rushville man, who de-
posited ten dollars, and the firm was
not aware of the fact that the ma-
chine had been taken out of that city
until notified by Sheriff Hunt that it
was being held here.

The firm is preparing to provide
bond for the machine, in order to
take it back where it can be work-
ing, and the bond will stand good for
the machine until the action can be
disposed of in court.

TO OFFER SMITH CANDIDACY

Charles F. Murphy Goes to French
Lick to Confer with Tom Taggart

New York, July 13.—Charles F.
Murphy, Democratic leader of New
York, has gone to French Lick, to
confer with Tom Taggart, of Indiana
and George E. Brennan, of Illinois.
He will offer the western leaders,
Governor Al Smith of New York, as
the logical candidate for president
on the Democratic ticket, it was said
in democratic circles here.

FIVE TAKE OBLIGATION

The modern Woodman lodge is
making plans now for a large class
adoption for this fall, and at their
regular meeting Thursday night,
five candidates were given the obli-
gation, and will form the basis for
the class that will be initiated this
fall.

AUTOMOBILES IN COLLISION

Two Are Slightly Damaged in Acci-
dent Near Fire Station

Two automobiles figured in a
slight collision in the business dis-
trict Thursday afternoon when a
machine driven by Toney Rossi of
Cincinnati and another machine
driven by Will Dugan of this city,
sideswiped each other as Rossi was
pulling his machine into the center
of the street, after being parked
alongside of the curb.

The accident happened in Third
street, near the fire station. The
Cincinnati machine had a badly
bent and dented left front fender,
and the local machine had a bent
fender and a twisted axle as a re-
sult of the smashup. The two oc-
cupants were unhurt.

P. O. BUSINESS SHOWS INCREASE

Gross Receipts More Than \$1,000
Greater During Fiscal Year Which
Ended June 30

ANNUAL REPORT IS MADE

Balance in Money Order Business
and C. O. D. Parcels is Against
the Local Office

Business in the Rushville post-office
showed a substantial increase last
year, over the year previous, accord-
ing to the tabulation of data for the
fiscal year which ended June 30, and
made public today by Charles H.
Brown, assistant postmaster. The
gross receipts for the local office for
the year amounted to \$24,334.48, an
increase of more than \$1,000 over
the year previous.

The increase is regarded as most
satisfactory because an office the
size of Rushville is not really ex-
pected to show such a gain during a
year and it shows that the city is
going forward, instead of backward.

The window for postoffice money
orders is one place where the clerks
would rather pay out money than
take it in, according to Mr. Brown
who shows that during the past 12
months the local office issued a to-
tal of 14,597 domestic money orders,
meaning that the money from these
orders all went out of the city into
other channels.

While 14,597 money orders were
being sent out, there were 4,262 re-
ceived and cashed here, meaning that
these caused the money to be placed
in circulation here, and backing up
the theory of the postal clerks that
they would rather pay out the money
than take it in.

In the foreign money order depart-
ment 23 were sent to foreign coun-
tries during the year, and 9 foreign
orders were received, here and
cashed.

The registered mail division is a
heavy item in the postal receipts, as
the books for the fiscal year show
that there were 3,050 pieces of do-
mestic mail sent from the office here
which were registered, and in addi-
tion there were 8 pieces of foreign
mail registered.

Another feature to the mail order
business in which money goes out of
the city, may be seen from the fact
that during the year there were 3,613
C. O. D. parcels received here, and
only 438 C. O. D. parcels sent out.

The sale of the little red two-cent
stamps amounted to an enormous
distribution during the year, when
500,954 were sold through the win-
dows, the report shows, and in ad-
dition to this there were 125,156
stamped envelopes sold, also of the
two-cent variety, and on this ratio,
it shows that there were approxi-
mately 626,410 letters mailed with
the two-cent stamps and envelopes.

The Rushville office is away ahead
of most cities of this size in issuing
postal permits, and there are now 19
active permits in force at the office.
These permits are issued to firms or
individuals who have third and
fourth class mail matter to be sent
in which 300 pieces or more are sent
out, all of the same kind and word-
ing, such as circulars and printed
matter.

These permits during the year sent
out 110,926 pieces, according to the
report. The mail is counted and the

TEACHERS TO HEAR DR. L. H. VINCENT

Famed Literary Lecturer Will Speak
Twice Each Forenoon at Rush
County Institute

TO BE AT CHAUTAUQUA ONCE

Public is Invited to Hear Institute
Lectures—Combined With
Assembly This Year

A great treat is in store for
those who wish to hear biographical
and critical lectures on American
Men of letters, for Dr. Leon H. Vin-
cent, who lectures twice each fore-
noon at the assembly room of the
court house during the Rush Coun-
ty Teachers' Institute and once be-
fore the chautauqua on August the
eighth at 3 o'clock, will delight
those who are so interested.

For many years the chautauqua
and institute wished to secure this
literary lecturer. Dr. Vincent's lec-
tures are artistic mosaics of wit
and wisdom, humor and pathos. He
has a fresh, original and vigorous
way of putting his thoughts, and
his English, always elegant and of-
ten eloquent, is a model of strength,
simplicity and purity. As a speak-
er he is natural, witty, transparent,
interesting in every sentence, and
presents his subject with the charm
and grace of a brilliant conversa-
tionalist.

The topics which Dr. Vincent will
discuss are given below, and it is
thought that the last topic will be
the subject of the lecture at the col-
iseum on Wednesday, the eighth of
August. Patrons of the chautau-
qua are cordially invited to attend
the lectures at the court house in
the forenoons. No doubt the as-
sembly room will be filled to capa-
city each day at 8:30 and 10:30.
His lecture subjects follow:

- 1.—Franklin as a Man of Letters.
- 2.—Washington Irving's Early Work.
- 3.—Emerson the Man.
- 4.—Lowell as a Critic, Letter Writer, and American.
- 5.—Hawthorne.
- 6.—Holmes.
- 7.—American Humorists.

KINDERGARTEN TO BE PUT IN SCHOOLS

Supt. J. H. Scholl Announces Classes
Will Be Established For Children
Under Six

DISPLAY OF SUMMER WORK

A display of work accomplished at
the summer kindergarten classes,
conducted by Miss Elizabeth Waite
at the Jackson school this summer,
is now being made in the George C.
Wyatt and Company show windows.

The summer kindergarten, which
is now closing its eighth week, had
30 boys and girls enrolled, between
the ages of 3 and 6 years. The
school is being held mornings at the
Jackson building, and Miss Waite
has been assisted in the work by the
Misses Helen Pierson, Margaret
Fisher and Dorothy Becraft.

Superintendent J. H. Scholl of the
Rushville City School has announced
that there will be kindergarten classes
in the public schools beginning
this fall, for pupils between 5 and 6
years of age. It is planned to have
one teacher employed, who will have
the kindergarten class at the Havens
school in the morning, and a similar
class at the Jackson school in the
afternoon.

The kindergarten instruction is
pointed out as being valuable for the
children, and will give them much
valuable training before entering
their rst year of school. More defi-
nite plans for the fall term will be
worked out, and parents who have
five-year-old boys and girls will be
given an opportunity of giving them
the advantage of the classes.

The Rev. and Mrs. L. E. Brown
were recovering today from a severe
attack of ptomaine poisoning which
they suffered Wednesday evening.

AMUSEMENT

Agnes Ayres at Princess

That Agnes Ayres is one of the most popular stars of the screen is amply evidenced by the great success of her new Paramount picture, "The Heart Raider", which will be the feature at the Princess Theater today and Saturday, with Mahlon Hamilton as leading man.

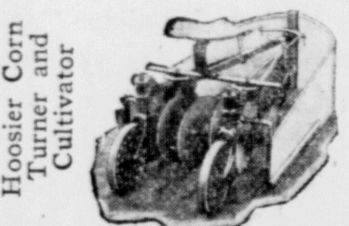

The story is one of absorbing interest and there is much relishable comedy. At Palm Beach, Muriel Gray, played by Miss Ayres, is making an effort to create a favorable impression on John Dennis, a bachelor, portrayed by Mahlon Hamilton. But the latter believes that Muriel is rather frivolous, and his indifference wounds Muriel deeply. She is determined, however, to force Dennis to take her in his arms, and makes this her boast. Muriel at first is a miserable failure as a vamp, but finally makes good her boast.

There is an excellent supporting cast which includes Charles Ruggles, Frazer Coulter, Marie Burke and Charles Riegal. Wesley Ruggles directed the picture, the scenario for which was written by Jack Cunningham, who made the adaptation

The Woman Power of America

is well illustrated by the thousands of women who are entering every profession, almost every line of business and politics as well. They are bound to make good, and there is no question but what health is their greatest asset. Many women, however, develop weak, nervous conditions and cannot stand the strain of a professional or business life. Such women should remember when beset with headaches, backache, nervousness, irritability or any ailment peculiar to their sex that the greatest of all remedies for such conditions is Lydia E. Pinkham's Vegetable Compound. For nearly fifty years this old-fashioned root and herb medicine has been restoring the women of America to health and strength. It holds the remarkable record of helping 98 out of every 100 women who try it.

A WISE THOUGHT:—Let us search and try our ways, and turn again to the Lord.—Lamentations 3: 40.

The Wrong Picture

It seems ridiculous to hear politicians and labor agitators get up and tear the air expounding on the fight between labor and capital. To hear their speeches and public utterances, an uninformed person would have a vision of the wealthy men in this nation hiding behind breastworks of money bags and fighting off starving millions who are trying to scale this wall of gold.

In the next breath, we read in our daily papers that a rich employer in New York has turned over his clothing business to a few employees. Automatically these employees must become the hated capitalists and take their places behind the barriers of

gold, which in turn the workmen they hire will strive to tear down.

Is not this the wrong picture to flash constantly before the eyes of millions? Is not a capitalist any individual who has saved fifty or a hundred dollars and through wise investment, either in a peanut wagon, a bootblack stand or an industrial or government bond, caused that money to earn more dollars?

It is the man who saves one hundred dollars which he puts in a public utility or a sawmill property, where, with money contributed by hundreds of others like himself, it employs thousands of people at good wages, a bad citizen? Yet he is a capitalist just as truly as the man who invests a hundred thousand or a million dollars.

When there is removed the incentive for the man with one hundred dollars to increase that amount to one thousand and then to ten thousand dollars, and so on, there is also removed the chance of reward that is at stake for which the average able-bodied American strives.

The majority of capitalists today started as hand workers, and yet, according to the radical politicians and labor agitators, the salvation of the country lies in denying to others the chance which these men had to benefit themselves and, incidentally, humanity in general through the modern conveniences they have given to the humblest American citizen.

Pimples

BLOOD impurities are pumped by the heart into the face. That is what causes that grainy appearance, that muddiness, sallowness, pimples, blackheads, acne, red spots, and that impossible "something" which no face cream, massage, or face powder can cover up or beautify! The foundation for a beautiful skin simply is not there, and no face treatment can give it to you. But increase your red-blood-cells, and quickly the ruby tint of purity begins to glow in the cheeks, the complexion becomes Venus-like and immaculate! Try it. It will do it every time. S.S.S. builds the red-blood-cells you need for a beautiful complexion. Begin using S.S.S. at once, and give yourself what you have been working for, for years.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

To use Red Crown is the essence of economy—not from the standpoint of purchase price alone but from the results earned.

When Red Crown is mixed with air in your carburetor it causes perfect combustion—this means the irreducible minimum of carbon deposit, consequently less fouling of spark plugs—it means less expense for grinding valves—it means a smoother running motor—it means little, if any, pre-ignition. When you use Red Crown

It is obvious that 800° of heat in your cylinder heads under working conditions is all and sufficient to burn the heaviest ends of Red Crown. That is why you get such extraordinary mileage when you have Red Crown in your tank.

CLOSE TO VICTORY IN 5TH

Big Jess Knocks South American to
Ropes, But Powerful Young Sa-
vage Finally Triumphs

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, July 13—Down on one
knee in his own corner, his red, bat-
tered sides heaving, his mouth gaping
and his glassy eyes staring at noth-
ing, Jess Willard, former heavy-
weight champion of the world, en-
tered himself on the books last night
at Jersey City.

Battered down by a furious right
hand attack that had all the power
of a mountain boulder tumbling from
the peaks, Willard was counted out
in the eighth round while the hairy
chested Luis Firpo, the South Amer-
ican cave-man stood back of him
snorting for more.

Willard took out of the ring with
him about \$150,000 a "tin" ear and
a fine razzing. The crowd thought
that he had quit ignominiously. Some
still think the same way.

More than 100,000, the largest
crowd that ever saw a boxing match
witnessed the giants of North and
South America battle for the chance
to meet Jack Dempsey for the
world's championship.

The house was almost solid for a
Willard victory. Thousands of Fir-
po's swarthy countrymen were

packed in the dense mass but their
voices were lost in a tumult that
arose in the fifth round when it
seemed that Willard was to win. Like
a college rooting section at a foot-
ball game, the huge crowd rose to
its feet and yelled in rah-rah tempo
—"come on Jess, come on" when
Willard cracked Firpo under the eye
with a terrific left hand and knocked
the South American staggering to the
ropes.

That one punch was the nearest
Willard came to victory. His own age
and the youth of a powerful young
savage were all against him and he
wilted until his legs sagged beneath
him and he had not the strength to
continue even if his heart prompted
him and his vanity spurred him to
continue.

The Score Board

Bob Shawkey hit a triple and a
double in one inning, scored one run
and knocked in three and the Yanks
won their third straight from the
White Sox, 10 to 6. Babe Ruth hit
his twentieth.

After being set back by Lee Mea-
dows and losing the first game 5-3,
the Giants turned around and beat
the Pirates 4 to 2 in the second
game.

Laque let the Phillies down with
three feeble hits and the Reds won
2 to 0.

Cleveland made it three straight
by defeating the Athletics 11-0. It
was Morton's second straight shut
out over the Athletics.

Schliefer's homer in the eighth
with two on gave the Browns an 8
to 5 victory over the Senators.

Detroit scored three runs in the
ninth inning but the rally fell short
and the Red Sox won 6 to 5.

Seven runs scored in the fifth in-
ning off the veteran Dick Rudolph
enabled the Cards to beat the Braves
9 to 6.

Brooklyn fell into the second di-
vision when they took their second
straight shut out from the Cubs 2
to 0.

TILDEN AND ALONSO
TO MEET IN FINALS

Unless Dope is Upset, Famous Pair
Will Battle For National Clay
Court Honors Sunday

TILDEN ANXIOUS TO GET EVEN

Indianapolis, Ind., July 13—The
national clay court tennis tourney
advanced to the semi-finals here to-
day with Manuel Alonso, Spanish
star, matched against Wallace John-
son of Merion, Pa., and William Tild-
en, champ from Philadelphia, meet-
ing Robert Kinsey of San Francisco.
Dope has it that Alonso and Tild-
en will win again today and meet
in the finals of the event Sunday
morning. Tilden is anxious to get a
chance at the Spaniard and retrieve
the honors he dropped to him in the
Illinois tennis meet at Chicago last
Sunday.

The Philadelphia star has been
smarting visibly all week over the
thought of that defeat. He played
indifferently at the first of the week,
and then turned loose his usual qual-
ity of playing in Wednesday's and
Thursday's matches.

He downed Phil Bettens, of San
Francisco, 6-4, 6-3, 6-0 yesterday
in an easy fashion. He played a
strong, easy game and met every
crisis as it came along.

But the sensation of the day was
the game played by Alonso against
Howard Kinsey, San Francisco. The
Spaniard tore about the court like
lightning and smothered every at-
tempt of the westerner to get over an
offensive.

The Spaniard won easily in the
first set, proved invincible in the
second and then won the third after
Kinsey had rallied and won a lead.
The score was 6-2, 6-0, 6-3.

Victory Triumph of Will

By PAUL R. MALLON
(U. P. Staff Correspondent)

New York, July 13—Courage—the
kind that made David whip Goliath,
Daniel brave the lion's den, and
Napoleon fight forever—is the
heading on the chapter in rowing his-
tory which records the recent vic-
tory of the University of Washing-
ton in the inter-collegiate regatta at
Poughkeepsie.

The crew from Puget Sound made
a 3,000 mile trip across the Con-
tinent to the Palisades, only to find a
few days before the big race that
fate was working against them. Dow
Walling, the start stroke, got a
scratch on his knee. The doctor's
scented blood poison. There were
hasty consultations and it was finally
decided that he might row, though
his knee was pained and stiff.

Walling rowed all right. He pushed
his boat ahead at the opportune mo-
ment in the second mile, kept it there
and then fought off the Navy in a
desperate finish.

It was a fitting setting for the
great scene. A misty, discouraging
rain blew from the east and the
gloom of night was setting over the

giant palisades which shadow the
Hudson. Just before the race Wash-
ington was not considered to have
more than a ghost of a chance.

With Walling in excellent condi-
tion, the Washington crew was not
considered more than a "dark horse".

But that didn't worry the western-
ers. It seemed they had planned to
win this particular race and they
didn't care much whether the fates
were with them or not. They were
going to win anyway.

They planned every move out in
detail. They fixed it so the coxswain
would wave a little red flag when
they held the lead and avoid the
situation which developed last year,
when they were unable to hear the
coxswain and let the Navy steal the
race from them in the last few years.
The signal worked perfectly and
helped them immeasurably when the
Navy crew started its sprint down
the stretch.

But all the plans and red flags in
the world wouldn't have done them
any good, if they didn't have the
red-blooded determination of thor-
oughbred sportsmen to fight all odds
and win.

Their feat will live forever in row-
ing history as an example of what
a man can do if he wants to.

PISTON RINGS

And Then Came
Perfect Circles!

Oil-pumping motors used to be the bane of the garageman's life.
Many a "bad-oiler" simply could not be corrected by any means
known to the best mechanics. Then came Perfect Circles — a
new principle—so simple and logical any layman understands it the
minute he sees the ring. They ended the garageman's troubles
with oil-pumping motors, and today are giving thousands of car
owners 1000 to 1500 miles to the gallon of oil. Ask your
garageman.

The Dunning Music Study club enjoyed a picnic Thursday on the farm of Mr. and Mrs. Arthur Talbert, southwest of the city, their son Merrill being a member of the club. LEADER CHEERED BY RAINBOW MEN

General Gouraud, French War Hero,
Arrives in Indianapolis Today
For Reunion of Ex-Soldiers

3,000 ARRIVE FOR MEETING

General Pershing Will Arrive Satur-
day to Join Gen. Gouraud in Re-
viewing Divisional Parade

(By United Press)
Indianapolis, Ind., July 13.—"Magni-
ficent voyage all the way to In-
dianapolis. The voyage was magni-
ficent," General Gouraud, said in
French today as he walked from the
Union station and heard the cheers
of Rainbow veterans and hundreds
of citizens gathered there to greet
him.

The general made an instantan-
eous hit with the crowd. With twink-
ling eyes and infectious smile, he
looked about him with frank curios-
ity, apparently anxious not to miss
a detail of his welcome.

A large French flag hanging
across Washington street, pleased
him greatly. Like Marshal Foch on
his visit to Indianapolis, two years
ago, he was greatly impressed with
the monument as the car swung
around the east half of the circle.

Hundreds of veterans poured into
Indianapolis last night by train and
automobile. When the first business
session was called, it was estimated
that 3,000 members of the division
were in the city. Two thousand more
are expected before the big divisional
parade tomorrow afternoon.

General Pershing will reach the
city tomorrow morning for the re-
union.

A detachment of United States
marines in full uniform, met General
Gouraud and escorted him on a for-
mal visit to Governor McCray at the
state house and to the officers of
Mayor Shank.

General Gouraud is one of the
speakers for this afternoon's busi-
ness session of the veterans' as-
sociation. Col. William Donovan,
former commander of New York's
"Fighting Sixty-ninth," Mayor Shank
and Governor McCray are also
scheduled for addresses.

Headquarters for the reunion are
at the Severin Hotel. Indiana dele-
gations from Bloomington, Martins-
ville, Lafayette and Fort Wayne were
among the arrivals.

General Gouraud yesterday sent
a message to Paul W. Fechtman,
president of the Indiana Division of
the Veterans' Association, express-
ing his pleasure at being able to
come to Indianapolis for the re-
union.

"During the time of world peril
Indiana responded nobly," he said.
"I am thrilled by the thought of go-
ing to the capital of Indiana as the

COMPANY C LEAVES SUNDAY AT 11 A. M.

Captain Will B. Brann Receives
Transportation For Trip to Camp
Knox, Kentucky

WILL TRAVEL ON THE BIG FOUR

Captain Will B. Brann of Com-
pany C, Rushville's National Guard
unit, this morning received his offi-
cial notice of transportation for the
local company, which will leave Sun-
day morning at 11 o'clock over a
special train on the Big Four rail-
road.

The company here will assemble
at one o'clock Saturday afternoon at
the armory, and from then on will
be under orders. On account of the
train leaving here near the noon
hour, the guardsmen will be given
their dinner before departure, and
they will eat supper in Camp Knox,
Ky., which is their destination for a
two weeks training course.

Troop movements will be general
throughout the state on Sunday,
when all of the companies will be
moved southward for the training
camp, and it is expected that almost
every railroad passing through
Rushville will have a troop train or
two. Last year the local boys were
given a rousing send-off at the sta-
tion when they departed.

REV. C. M. YOCUM TO SPEAK

Former Pastor Coming For
Meeting Of Churches

The annual county meeting of the
Christian churches of the county
will be held at the city park on Sun-
day, July 29, it was announced to-
day.

The Rev. C. M. Yocum, of St.
Louis, Mo., formerly pastor of the
Main Street Christian church of
this city, will speak at the after-
noon session. The Rev. Mr. Yocum
was a very popular pastor here and
it is expected that a large crowd
will be out to hear him. He is now
one of the secretaries of the United

ganization.

TENTS ARE TO BE PITCHED SUNDAY

Active Preparations For Opening Of
Rush County Boys Camp West
Of Morristown Will Start

WATER WELL BEING DRIVEN

Eight Of 34 Boys Registered With-
out Funds To Pay Their Way And
Help Will Be Needed

Company C, Indiana National
Guard, tents were moved out of the
armory today and will be taken to
the Rush county boys camp site
next Tuesday.

With thirty-four boys registered
up to noon today, indications were
that the camp attendance would
equal if not exceed last year's when
the camp was situated on the P. A.
Miller farm, along Flatrock, south-
west of Rushville.

A well is being driven at the
camp, so as to provide a good sup-
ply of water for the boys, and ac-
tive preparations will begin Sunday
for reception of the boys the first
thing next Tuesday morning.

The kitchen that was used at the
camp last year will be erected Mon-
day and the stove that was dona-
ted for the use of the camp last
year will see service again this year.

The only thing in the way of equip-
ment that is lacking is cots. Thir-
teen new ones were purchased by
the organization backing the camp
project for the 1922 boys outing,
and the remainder were loaned.

Cots will have to be borrowed
again this year and persons who
are willing to loan one for the use
of the boys are asked to notify
Harry Wyatt at the George C.
Wyatt and company store and ar-
rangements will be made to get them.

Eight of the thirty-four boys who
have signed cards indicating that
they will attend the camp, are with-
out funds to pay their way and Ro-
tarians and Kiwanians and other
citizens will be asked to contribute
money to send them. Several mem-
bers of both clubs have already sig-
nified their willingness to send a boy
and Dr. H. Green today sent his
check for \$4.00 for this purpose.

The sum of \$4.00 will pay for one
boy seven days. Present indica-
tions are that the camp will run for
fourteen days. Several of thirty
four boys who have registered have
indicated that they want to go two
weeks, and two of them stated that
they would not attend until the
second week.

Four of the boys are from Manilla
and vicinity and the remainder are
from Rushville and vicinity. Any
boy in Rush county is welcome to
attend.

FINED FOR INTOXICATION

Silverson Behout was arraigned
this morning in police court before
Mayor Thomas, and pleaded guilty
to a charge of intoxication, and
was fined \$5 and costs, which he
paid.

The defendant was arrested
Thursday afternoon about five o'-
clock on Main street near Fourth,
and taken to jail by Police Chief
Blackburn. The defendant failed to
tell the court this morning, where he
had obtained his drinks, although
the officers had their suspicions.

THE CALM BEFORE THE STORM

FIRST CROP THRESHED MAKES GOOD AVERAGE

Wheat on McCoy and Powell Farm
North of Rushville Expected to
Make 20 Bushels to Acre

ELEVATOR PAYING 88 CENTS

The first wheat of the season to
be threshed and delivered to a local
elevator was received this morning
at the Ball and Orme elevator in this
city from the Frank McCoy crop on
the McCoy and Powell farm north
of Rushville.

The threshing got started Thurs-
day afternoon, and the grain is
most satisfactory, with an average
yield estimated at 20 bushels to the
acre.

The first load received this morn-
ing graded 58 1/2, and the second one
was 59 1/2, or a pound better per bush-
el. The moisture was placed at 14.6,
and the wheat was classed at num-
ber 2, although it really graded num-
ber 3 by the government test.

The elevator was paying 88 cents
a bushel for this grade today.

The wheat was a little dark in
color, but otherwise was said to be
highly satisfactory, and the yield
was good. Threshing on a farm
south of Rushville also was re-
ported to be under way this morning,
and the grain was expected to be de-
livered in Rushville this afternoon.

Burn Caterpillars From

Trees, Set's House on Fire

The home of Dave Smith, in
New Salem, was slightly dam-
aged by fire Wednesday, the
blaze having started while Mr.
Smith was burning caterpillars
off shade trees in his yard.

The fire drove the worms
from the branches and some
of them, burning, fell to the
roof of the house, setting the
shingles on fire. Timely
assistance by neighbors pre-
vented the fire from spreading
and the house was saved, only
slight damage resulting.

SEARCH FOR BODY OF MINER

Harrisburg, Ill., July 13.—Rescue
crews today searched the lower level
of Wassetts mine No. 1, five miles
north of here for the body of James
Dreer, believed killed in an explosion
which late yesterday caused the
death of Steve Ego, a fellow miner.
Dreer and Ego went into the mine,
which was being repaired, on an in-
spection trip yesterday afternoon.
While down an explosion occurred.
Rescue crews immediately entered
the mine and removed the body of
Ego, burned almost beyond recogni-
tion. Two other miners who accom-
panied Dreer and Ego into the mine
went in a different direction and es-
caped unscathed.

RETURNS HOME MINUS THE LIQUOR MACHINE

Manager of South Bend "U-Drive-
It-Company" May Have to File
Suit to Get His Car

RENTED TO RUSHVILLE MAN

The manager of the "U-Drive-It-
Company", South Bend firm which
hires automobiles, has returned to
his home without the automobile that
was confiscated here Saturday night
by officers, following a raid on the
machine, in which James Cranley
was arrested and 42 quarts of liquor
seized.

According to the law, booze-laden
machines are to be confiscated and
sold on an order of the court, but in
this case where the original owner of
the machine was not directly respon-
sible for it or for the circumstances
which caused the machine to get here
it may cause a test case in court for
the owners to get back their prop-
erty.

According to the manager of the
South Bend firm, the machine was
rented to a Rushville man, who de-
posited ten dollars, and the firm was
not aware of the fact that the ma-
chine had been taken out of that city
until notified by Sheriff Hunt that it
was being held here.

The firm is preparing to provide
bond for the machine, in order to
take it back where it can be work-
ing, and the bond will stand good for
the machine until the action can be
disposed of in court.

He will offer the western leaders,
Governor Al Smith of New York, as
the logical candidate for president
on the Democratic ticket, it was said
in democratic circles here.

five candidates were given the obli-
gation, and will form the basis for
the class that will be initiated this

AUTOMOBILES IN COLLISION

Two Are Slightly Damaged in Acci-
dent Near Fire Station

Two automobiles figured in a
slight collision in the business dis-
trict Thursday afternoon when a
machine driven by Tony Rossi of
Cincinnati and another machine
driven by Will Dagan of this city,
sideswiped each other as Rossi was
pulling his machine into the center
of the street, after being parked
alongside of the curb.

The accident happened in Third
street, near the fire station. The
Cincinnati machine had a badly
bent and dented left front fender,
and the local machine had a bent
fender and a twisted axle as a re-
sult of the smashup. The two oc-
cupants were unhurt.

P. O. BUSINESS SHOWS INCREASE

Gross Receipts More Than \$1,000
Greater During Fiscal Year Which
Ended June 30

ANNUAL REPORT IS MADE

Balance in Money Order Business
and C. O. D. Parcels is Against
the Local Office

Business in the Rushville postoffice
showed a substantial increase last
year, over the year previous, accord-
ing to the tabulation of data for the
fiscal year which ended June 30, and
made public today by Charles H.
Brown, assistant postmaster. The
gross receipts for the local office for
the year amounted to \$24,334.48, an
increase of more than \$1,000 over
the year previous.

The increase is regarded as most
satisfactory because an office the
size of Rushville is not really ex-
pected to show such a gain during a
year and it shows that the city is
going forward, instead of backward.

The window for postoffice money
orders is one place where the clerks
would rather pay out money than
take it in, according to Mr. Brown
who shows that during the past 12
months the local office issued a to-
tal of 14,597 domestic money orders,
meaning that the money from these
orders all went out of the city into
other channels.

While 14,597 money orders were
being sent out, there were 4,262 re-
ceived and cashed here, meaning that
these caused the money to be placed
in circulation here, and backing up
the theory of the postal clerks that
they would rather pay out the money
than take it in.

In the foreign money order depart-
ment 23 were sent to foreign coun-
tries during the year, and 9 foreign
orders were received, here and
cashed.

The registered mail division is a
heavy item in the postal receipts, as
the books for the fiscal year show
that there were 3,050 pieces of do-
mestic mail sent from the office here
which were registered, and in addi-
tion there were 8 pieces of foreign
mail registered.

Another feature to the mail order
business in which money goes out of
the city, may be seen from the fact
that during the year there were 3,613
C. O. D. parcels received here, and
only 438 C. O. D. parcels sent out.

The sale of the little red two-cent
stamps amounted to an enormous
distribution during the year, when
500,954 were sold through the win-
dows, the report shows, and in ad-
dition to this there were 125,456
stamped envelopes sold, also of the
two-cent variety, and on this ratio,
it shows that there were approxi-
mately 626,410 letters mailed with
the two-cent stamps and envelopes.

The Rushville office is away ahead
of most cities of this size in issuing
postal permits, and there are now 19
active permits in force at the office.
These permits are issued to firms or
individuals who have third and
fourth class mail matter to be sent
in which 300 pieces or more are sent
out, all of the same kind and word-
ing, such as circulars and printed
matter.

These permits during the year sent
out 110,926 pieces, according to the
report. The mail is counted and the

TEACHERS TO HEAR DR. L. H. VINCENT

Famed Literary Lecturer Will Speak
Twice Each Forenoon at Rush
County Institute

TO BE AT CHAUTAUQUA ONCE

Public is Invited to Hear Institute
Lectures—Combined With
Assembly This Year

A great treat is in store for
those who wish to hear biographical
and critical lectures on American
Men of letters, for Dr. Leon H. Vin-
cent, who lectures twice each fore-
noon at the assembly room of the
court house during the Rush County
Teachers' Institute and once be-
fore the chautauqua on August the
eighth at 3 o'clock, will delight
those who are so interested.

For many years the chautauqua
and institute wished to secure this
literary lecturer. Dr. Vincent's lec-
tures are artistic mosaics of wit
and wisdom, humor and pathos. He
has a fresh, original and vigorous
way of putting his thoughts, and
his English, always elegant and of-
ten eloquent, is a model of strength,
simplicity and purity. As a speak-
er he is natural, witty, transparent,
interesting in every sentence, and
presents his subject with the charm
and grace of a brilliant conversa-
tionalist.

The topics which Dr. Vincent will
discuss are given below, and it is
thought that the last topic will be
the subject of the lecture at the col-
iseum on Wednesday, the eighth of
August. Patrons of the chautau-
qua are cordially invited to attend
the lectures at the court house in
the forenoons. No doubt the as-
sembly room will be filled to capa-
city each day at 8:30 and 10:30.
His lecture subjects follow:

- 1.—Franklin as a Man of Letters.
- 2.—Washington Irving's Early Work.
- 3.—Emerson the Man.
- 4.—Lowell as a Critic, Letter Writer, and American.
- 5.—Hawthorne.
- 6.—Holmes.
- 7.—American Humorists.

KINDERGARTEN TO BE PUT IN SCHOOLS

Supt. J. H. Scholl Announces Classes
Will Be Established For Children
Under Six

DISPLAY OF SUMMER WORK

A display of work accomplished at
the summer kindergarten classes,
conducted by Miss Elizabeth Waite
at the Jackson school this summer,
is now being made in the George C.
Wyatt and Company show windows.

The summer kindergarten, which
is now closing its eighth week, had
30 boys and girls enrolled, between
the ages of 3 and 6 years. The
school is being held mornings at the
Jackson building, and Miss Waite
has been assisted in the work by the
Misses Helen Pierson, Margaret
Fisher and Dorothy Becraft.

Superintendent J. H. Scholl of the
Rushville City school has announced
that there will be kindergarten classes
in the public schools beginning
this fall, for pupils between 5 and 6
years of age. It is planned to have
one teacher employed, who will have
the kindergarten class at the Havens
school in the morning, and a similar
class at the Jackson school in the
afternoon.

The kindergarten instruction is
pointed out as being valuable for the
children, and will give them much
valuable training before entering
their first year of school. More defi-
nite plans for the fall term will be
worked out, and parents who have
five-year-old boys and girls will be
given an opportunity of giving them
the advantage of the classes.

The Rev. and Mrs. L. E. Brown

AMUSEMENTS

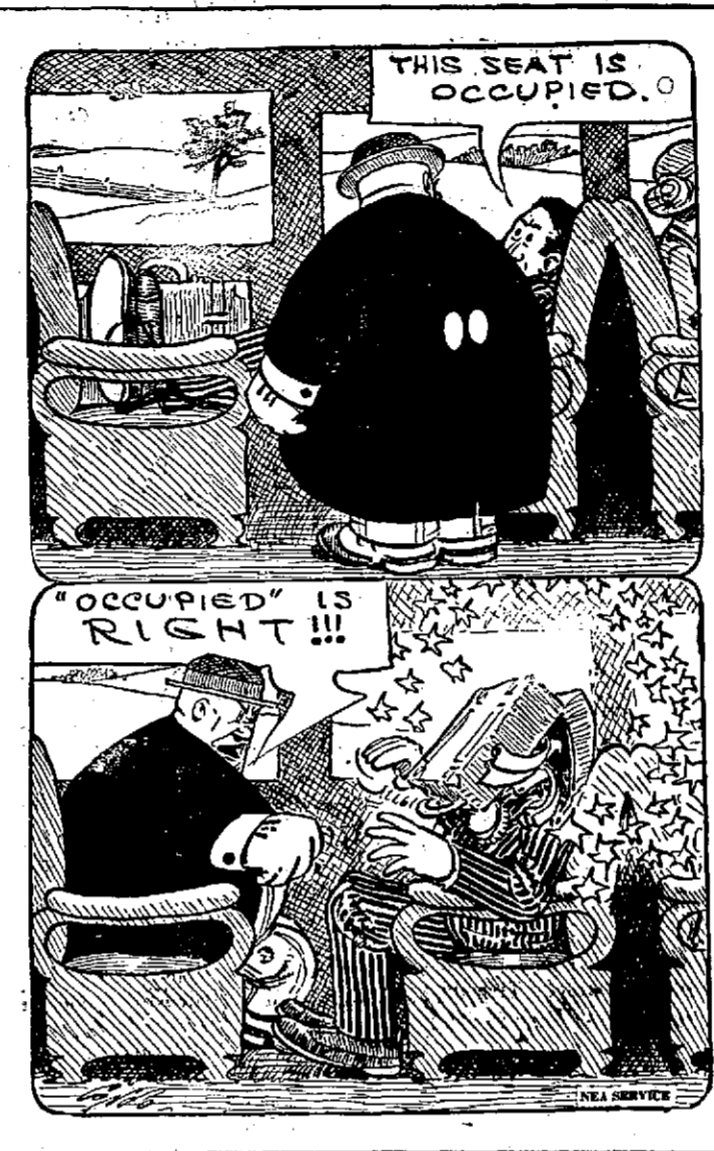

Agnes Ayres at Princess

That Agnes Ayres is one of the most popular stars of the screen is amply evidenced by the great success of her new Paramount picture, "The Heart Raider", which will be the feature at the Princess Theater today and Saturday, with Mahlon Hamilton as leading man.

The story is one of absorbing interest and there is much reliable comedy. At Palm Beach, Muriel Gray, played by Miss Ayres, is making an effort to create a favorable impression on John Dennis, a bachelor, portrayed by Mahlon Hamilton. But the latter believes that Muriel is rather frivolous, and his indifference wounds Muriel deeply. She is determined, however, to force Dennis to take her in his arms, and makes this her boast. Muriel at first is a miserable failure as a vamp, but finally makes good her boast.

There is an excellent supporting cast which includes Charles Ruggles, Frazer Conner, Marie Burke and Charles Riegall. Wesley Ruggles directed the picture, the scenario for which was written by Jack Cunningham, who made the adaptation.

The Woman Power of America

is well illustrated by the thousands of women who are entering every profession, almost every line of business and politics as well. They are bound to make good, and there is no question but what health is their greatest asset. Many women, however, develop weak, nervous conditions and cannot stand the strain of a professional or business life. Such women should remember when beset with headaches, backache, nervousness, irritability or any ailment peculiar to their sex that the greatest of all remedies for such conditions is Lydia E. Pinkham's Vegetable Compound. For nearly fifty years this old-fashioned root and herb medicine has been restoring the women of America to health and strength. It holds the remarkable record of helping 98 out of every 100 women who try it.

A WISE THOUGHT—Let us
search and try our ways, and turn
again to the Lord.—Lamentations
3: 40.

The Wrong Picture

It seems ridiculous to hear politi-
cians and labor agitators get up and
tear the air expounding on the fight
between labor and capital. To hear
their speeches and public utterances,
an uninformed person would have a
vision of the wealthy men in this na-
tion hiding behind breastworks of
money bags and fighting off starving
millions who are trying to scale this
wall of gold.

In the next breath, we read in our
daily papers that a rich employer in
New York has turned over his cloth-
ing business to a few employees. Au-
tomatically these employees must be-
come the hated capitalists and take
their places behind the barriers of

gold, which in turn the workmen
they hire will strive to tear down.

Is not this the wrong picture to
flash constantly before the eyes of
millions? Is not a capitalist any in-
dividual who has saved fifty or a
hundred dollars and through wise in-
vestment, either in a peanut wagon,
a bootblack stand or an industrial
or government bond, caused that
money to earn more dollars?

If the man who saves one hundred
dollars which he puts in a public
utility or a sawmill property, where,
with money contributed by hundreds
of others like himself, it employs
thousands of people at good wages, a
bad citizen? Yet he is a capitalist
just as truly as the man who invests
a hundred thousand or a million
dollars.

When there is removed the inec-
utive for the man with one hundred
dollars to increase that amount to
one thousand and then to ten thou-
sand dollars, and so on, there is also
removed the chance of reward that is
at stake for which the average abled-
bodied American strives.

The majority of capitalists today
started as hard workers, and yet,
according to the radical politicians
and labor agitators, the salvation of
the country lies in denying to others
the chance which these men had to
benefit themselves and, incidentally,
humanity in general through the mod-
ern conveniences they have given to
the humblest American citizen.

FIFTEEN YEARS
AGO TODAY

From The Daily Republican

Tuesday, July 14, 1908
The first threshing accident of the

frightened and before they could be

Pimples

BLOOD impurities are pumped by
the heart into the face. That is
what causes that grainy appearance,
that muddiness, sallowness, pimples,
blackheads, acne, red spots, and that
impossible "something"

which no face
cream, massage,
or face powder
can cover up or
beautify! The
foundation for a
beautiful skin
simply is not
there, and no face treatment can give
it to you. But increase your red-
blood-cells, and quickly the ruby
tint of purity begins to glow in the
cheeks, the complexion becomes ve-
nus-like and immaculate! Try it.
It will do it every time. S.S.S. builds the red-blood-cells you need
for a beautiful complexion. Begin
using S.S.S. at once, and give your-
self what you have been working
for, for years.

S.S.S. is sold at all good drug
stores in the U.S. The larger size
is more economical.

Red Crown
Vaporizes to
the Last Drop

To use Red Crown is the essence
of economy—not from the stand-
point of purchase price alone but
from the results earned.

When Red Crown is mixed with
air in your carburetor it causes per-
fect combustion—this means the
irreducible minimum of carbon de-
posit, consequently less fouling of
spark plugs—it means less expense
for grinding valves—it means a
smoother running motor—it means
little, if any, pre-ignition. When
you use Red Crown

There Is
No Waste

either of money or energy. Every
drop is converted into power—
clean, sustained, usable power. It
is obvious that 800° of heat in your
cylinder heads under working con-
ditions is all and sufficient to burn
the heaviest ends of Red Crown.
That is why you get such extra-
ordinary mileage when you have
Red Crown in your tank.

New York, July 13.—Down on one knee in his own corner, his red, battered sides heaving, his mouth gaping and his glassy eyes staring at nothing, Jess Willard, former heavy-weight champion of the world, entered himself on the books last night at Jersey City.

Battered down by a furious right hand attack that had all the power of a mountain boulder tumbling from the peaks, Willard was counted out in the eighth round while the hairy chested Luis Firpo, the South American cave-man stood back of him snorting for more.

Willard took out of the ring with him about \$150,000 a "tin" ear and a fine razzing. The crowd thought that he had quit ignominiously. Some still think the same way.

More than 100,000, the largest crowd that ever saw a boxing match witnessed the giants of North and South America battle for the chance to meet Jack Dempsey for the world's championship.

The house was almost solid for a Willard victory. Thousands of Firpo's swartly countrymen were

packed in the dense mass but their voices were lost in a tumult that arose in the fifth round when it seemed that Willard was to win. Like a college rooting section at a football game, the huge crowd rose to its feet and yelled in rah-rah tempo—"come on Jess, come on" when Willard cracked Firpo under the eye with a terrific left hand and knocked the South American staggering to the ropes.

That one punch was the nearest Willard came to victory. His own age and the youth of a powerful young savage were all against him and he wilted until his legs sagged beneath him and he had not the strength to continue even if his heart prompted him and his vanity spurred him to continue.

The Score Board

Bob Shawkey hit a triple and a double in one inning, scored one run and knocked in three and the Yanks won their third straight from the White Sox, 10 to 6. Babe Ruth hit his twentieth.

After being set back by Lee Meadows and losing the first game 5-3, the Giants turned around and beat the Pirates 4 to 2 in the second game.

Laque let the Phillies down with three feeble hits and the Reds won 2 to 0.

Cleveland made it three straight by defeating the Athletics 11-0. It was Morton's second straight shut out over the Athletics.

Schliebner's homer in the eighth with two on gave the Browns an 8 to 5 victory over the Senators.

Detroit scored three runs in the ninth inning but the rally fell short and the Red Sox won 6 to 5.

Seven runs scored in the fifth inning off the veteran Dick Rudolph enabled the Cards to beat the Braves 9 to 6.

Brooklyn fell into the second division when they took their second straight shut out from the Cubs 2 to 0.

TILDEN AND ALONSO TO MEET IN FINALS

Unless Dope is Upset, Famous Pair Will Battle For National Clay Court Honors Sunday

TILDEN ANXIOUS TO GET EVEN

Indianapolis, Ind., July 13.—The national clay court tennis tourney advanced to the semi-finals here today with Manuel Alonso, Spanish star, matched against Wallace John-son of Merion, Pa., and William Tilden, champ from Philadelphia, meeting Robert Kinsey of San Francisco.

Dope has it that Alonso and Tilden will win again today and meet in the finals of the event Sunday morning. Tilden is anxious to get a chance at the Spaniard and retrieve the honors he dropped to him in the Illinois tennis meet at Chicago last Sunday.

The Philadelphia star has been smarting visibly all week over the thought of that defeat. He played indifferently at the first of the week, and then turned loose his usual quality of playing in Wednesday's and Thursday's matches.

He downed Phil Bettens, of San Francisco, 6-4, 6-3, 6-0 yesterday in an easy fashion. He played a strong, easy game and met every crisis as it came along.

But the sensation of the day was the game played by Alonso against Howard Kinsey, San Francisco. The Spaniard tore about the court like lightning and smothered every attempt of the westerner to get over an offensive.

The Spaniard won easily in the first set, proved invincible in the second and then won the third after Kinsey had rallied and won a lead. The score was 6-2, 6-0, 6-3.

Victory Triumph of Will

By PAUL R. MALLON
(C. P. Staff Correspondent)

New York, July 13.—Courage—the kind that made David whip Goliath, Daniel brave the lion's den, and Napoleon fight forever—is the heading on the chapter in rowing history which records the recent victory of the University of Washington in the inter-collegiate regatta at Poulsbo, Wash.

The crew from Puget Sound made a 3,000 mile trip across the Continent to the Palisades, only to find a few days before the big race that fate was working against them. Dow Walling, the start stroke, got a scratch on his knee. The doctor's scented blood poison. There were hasty consultations and it was finally decided that he might row, though his knee was pained and stiff.

Walling rowed all right. He pushed his boat ahead at the opportune moment in the second mile, kept it there and then fought off the Navy in a desperate finish.

It was a fitting setting for the great scene. A misty, discouraging rain blew from the east and the gloom of night was setting over the

giant palisades which shadow the Hudson. Just before the race Washington was not considered to have more than a ghost of a chance.

With Walling in excellent condition, the Washington crew was not considered more than a "dark horse."

But that didn't worry the westerners. It seemed they had planned to win this particular race and they didn't care much whether the fates were with them or not. They were going to win anyway.

They planned every move out in detail. They fixed it so the coxswain would wave a little red flag when they held the lead and avoid the situation which developed last year, when they were unable to hear the coxswain and let the Navy steal the race from them in the last few years. The signal worked perfectly and helped them immeasurably when the Navy crew started its sprint down the stretch.

But all the plans and red flags in the world wouldn't have done them any good, if they didn't have the red-blooded determination of thoroughbred sportsmen to fight all odds and win.

Their feat will live forever in rowing history as an example of what a man can do if he wants to.

PISTON RINGS

And Then Came Perfect Circles!

Oil-pumping motors used to be the bane of the garageman's life. Many a "bad-oiler" simply could not be corrected by any means known to the best mechanics. Then came Perfect Circles—a new principle—so simple and logical any layman understands it the minute he sees the ring. They ended the garageman's troubles with oil-pumping motors, and today are giving thousands of car owners 1000 to 1500 miles to the gallon of oil. Ask your garageman.

The Dunning Music Study club enjoyed a picnic Thursday on the farm of Mr. and Mrs. Arthur Talbert, southwest of the city, their son Merrill being a member of the club. At the noon hour a delicious picnic dinner was served.
